Poppy Remembrance Appeal

School will again be supporting the Royal British Legion Poppy appeal. If your child would like to buy a poppy or one of the poppy items on sale (see below), please send your child into school with the correct money. Your child will be able to do this in their classroom as the School council will be going to each classroom throughout the day. In addition to the special items on sale, we have the usual poppies for a minimum donation of 20p. Please note that the special items on sale are on a first come first served basis due to our limited supply.

We hope you will support this worthy appeal.

Parent Teacher 'Virtual' Meetings

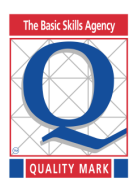

Stockport Public Health have asked schools to carefully consider parental attendance at school events to reduce the risk of COVID-19 infection for the school community and staff. In light of this, we will continue to run our Parent Teacher Consultations via Google Meet again this year. This was the virtual platform we used successfully throughout last year for numerous meetings including our parent consultation meetings. Due to staffing and timetabling, these 10 minute meetings will run within a specific morning that week for each year group, as well as after school on both Monday 8th and Thursday 11th November. You will be able to directly book an appointment through your child's Gmail account using the calendar facility within Google Classroom as instructed via Parentmail earlier this week.

Face Masks and Lateral Flow

A reminder that we have been advised to ask for your support in respect of two issues by our public health team.

The first refers to face coverings. It would be very helpful if you would wear face coverings if you need to come onto our school site, particularly as you drop off and collect your children. We will also ask that this occurs if you are coming into the school building which was a previous expectation last term.

The second request is to increase the use of lateral flow tests. People who live with someone who currently has COVID-19 have the highest risk of catching and passing on the virus. Should anyone in your house get COVID-19, it would assist us in reducing infection rates in school, if you could test everyone else in the household, including any child who is in Year 3 or above, daily for 10 days. If the test is positive, we would ask you to keep whoever has tested positive away from school (self-isolate) and book a PCR test.
